Design the New Boundless Outdoors Dining Room Plaque

Boundless Outdoors is opening a brand new dining room at their Malvern centre, and they need your help to design a special plaque to celebrate it! Use the inside of the circle below to create your plaque design. In your design, please try to include:

- Bright colours to make your design stand out.
- Nature around Malvern – hills, trees, animals, and the outdoors.
- Fill the whole circle with your drawing so it looks exciting and complete.
- No words or writing – just pictures and patterns.
- Be creative and have fun – your design could become a real plaque!

When you're happy with your design, give this sheet to a trusted adult for them to post to the judges!

By entering this competition, you agree that if your design is selected as the winner, Boundless Outdoors may turn your design into a physical plaque for the new dining room. The winning design may be slightly adapted so it works well as a plaque. Entries must be the child's own original artwork. A parent or guardian must give permission for the child to enter the competition. By entering, you agree that Boundless Outdoors may display the winning design and the child's first name and school on the plaque or in promotional materials (such as social media or the website). All entries become the property of Boundless Outdoors and may be used for display or promotional purposes. Entries must be submitted by the 5th June 2026. The winner will be chosen by the Boundless Outdoors team and the decision is final.
